Application Serial No.: 09/770,166 File Date: 01/26/2001

Assignment Recordation Date: 09/16/2003 Reel/Frame No.: 013983/0485

Title: Method and Apparatus for Locating and Exchanging Clinical Information

WHEREAS, Quovadx, Inc., a corporation duly organized under and pursuant to the laws of the State of Delaware, and having its principal place of business at 6400 South Fiddler's Green Circle, Suite 1000, Englewood, Colorado 80111 (herein referred to as "Assignee"), is desirous of acquiring all rights that CareScience has to said invention, said application, and said patent, including the right to prosecute said application on said invention and the right to prosecute any applications for Letters Patent of the United States or other countries claiming priority to said application. Additionally, Quovadx desires to acquire the right to recover damages, including provisional or other royalties, for prior infringements of said application and said patent.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, the Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns all rights Assignor holds in and to said invention, said application, and said patent, including without limitation, the right to control prosecution of applications on said invention for Letters Patent of the United States or other countries claiming priority to said application, including divisions, continuations, and continuations-in-part of said application, the right to recover damages, including provisional or other royalties, for prior infringements of said application, said patent and any other patents, United States or foreign, claiming priority to said application including any and all reissues and extensions of said patent, and all rights under the Hague Convention, the Paris Convention for the Protection of Industrial Property, and under the Patent Cooperation Treaty, the same to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignor had this sale and assignment not been made;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and

delivery of these presents, the Assignor is the sole and lawful exclusive licensee in and to said invention, said application, and said patent, with rights to prosecute the same and that the same are unencumbered, and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns that the Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that any proceeding in connection with said invention, said application, said patent, any application claiming priority to said application, any reissue or extension of said patent, and any United States or foreign Letters Patent or Patents for said invention or said application, including interference proceedings, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent or Patents for said invention, without charge to the Assignee, its successors, legal representatives, and assigns, but at the cost and expense of the Assignee, its successors, legal representatives, and assigns;
